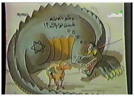
Libya: The Zionist Dragon and The Drums of War



The Zionist Dragon; seen here, looking to feast on Lebanon. It now seeks to destroy Libya.

by Jonathan Azaziah

It's happening all over again. Do you hear them? You must be able to. The deaf, those incapable of hearing the sounds of serenity and calamity since birth, could hear them due to their almost wretched loudness. What? What you ask? The drums of war of course. And the drummers are composing their iniquitous cacophony from the same locations that they always do. Tel Aviv. Washington D.C. London, the City of London to be most precise. The audience for their bloodthirsty melody this time around? Libya. Their previous audiences included the ravaged nation of Afghanistan and the devastated nation of Iraq.

War, classically defined, is a state of armed, hostile conflict between nations. But the war of the drummers is different. Their war, in their minds, is waged on children of a lesser God. Women of a lesser state of being. Men of a lesser right. Their war is mass murder of unarmed innocents, occupation, theft of land and resources, desecration and dehumanization. Their war is genocide. These drummers sometimes appear to be of an otherworldly nature; vampires from movies produced in the dregs of the morally destructive institution known as Hollywood. Their aim is to remain. Remain as the sole holders of the globe; the lone controllers; the only existing cabal of masters and elders, who will govern masses of cattle.

20 years of sanctions, occupation and decimation of land, water and natural resources in the shell of a nation known as Iraq left the people, the steadfast and courageous Iraqis, intimate with the inner workings of the drummers and their compositions of mayhem. Add another 10 years to the equation, and the resolute and brave people of Afghanistan could also write essays on the murderous music known as American interventionism. In both cases, the dismemberment of their societies came under the guise of "humanitarianism." The bullets came wrapped in heroic garb. The missiles and bombs were packaged with false sympathy for the oppressed. The rapes were for liberation. The murders were for freedom. Libyans beware; the drummers want to make your nation their next humanitarian adventure.

Incumbent Libyan leader Muammar Qaddafi overthrew King Idris, a monarchical stooge for the Zionist-occupied US war machine and Italy, seeker of re-colonization of Libya in one form or another, in 1969. It was Qaddafi who removed the American military bases from Libya and it was Qaddafi who consistently supported the struggle to reclaim occupied Palestine from the Zionist entity and its ruthless operators (1). Qaddafi's process of abandoning his revolutionary ideals and selling out to the Zionist entity and its arrogant Western friends in the last decade did not remove these facts from the minds of his new and uneasy allies. Israel wanted revenge. Using the Libyan people as the sacrificial lambs and the wave of protests sweeping the Arab world as the cover, the plot was hatched to remove the 42-year ruler of Libya. The Zionist dragon was deployed into the frame. And the music of Zionism's chaos began to play.

Made by MOSSAD

The false flags against Libya
were exclusively
produced by Mossad.

A Short History: Operation Trojan, Lockerbie and Abu Salim

During the beginnings of the presidency of war criminal Ronald Regan, the Zionist media vociferously promoted what would become a long-running propaganda piece about a Libyan hit squad operating in the United States. This hit squad's mission was to assassinate Ronald Regan. The source of the story was Manucher Ghorbanifar, a former agent of the overthrown Shah of Iran's secret police, SAVAK. SAVAK, the notorious apparatus known for its brutal torture techniques, learned everything from Mossad and Ghorbanifar himself had deep-rooted personal ties to the Mossad, the world's leader in false flag terrorism. The purpose of this hit squad story was to drum up support from the American populace for a strike on Libya (2).

This particular false flag vis-a-vis Ghorbanifar didn't accomplish the mission to the degree that the Zionist entity designed it to. The illegitimate Israeli state subsequently turned up the heat and put Operation Trojan into motion. The Trojan is an Israeli communications device used by Mossad's psychological warfare squad, LAP (LohAma Psicologit), as a relay station for misleading intelligence reports emanating from Israeli navy ships in the region. The Trojan is to be planted in nations resisting the Zionist Power Configuration, or in Israeli intel terminology, "hostile environments," at targets where official state business is conducted, like an embassy. These false reports were to be picked up by states allied with Israel on separate frequencies, wherein the information would be confirmed by Mossad. Little do the ally states know, the reports themselves are being created by Israel.

Operation Trojan was a success as the device was planted in the heart of Libya's capital, Tripoli, and the American government began retrieving numerous messages from the Trojan and processing intelligence proofs that Libya was closely linked with the planning and execution of terrorism. The chiefs of Mossad were exceedingly pleased (3). On April 5th, 1986, the final stages of Operation Trojan came to fruition when a disco club in Berlin was bombed, leaving two American soldiers and a Turkish woman dead, in addition to the severe wounding of 229 others (4). A heinous false flag blamed on Libya, the 1986 bombing of the La Belle disco was an extensive Mossad operation which was carried out with assistance from its allies in the CIA (5). This event led to the US military's Operation El Dorado Canyon on April 15, 1986. This murderous violation of Libya's sovereignty left dozens of Libyan civilians dead, including Muammar Qaddafi's 15-month old adopted daughter (6).

The murder of Qaddafi's daughter and so many other innocent Libyans was designed to boost Mossad's image in the international intelligence community and display to the Arab/Islamic world that the United States stood with the Zionist entity (7), or more accurately, that the USA stood wherever the Zionist entity told it to stand. Colonel Qaddafi was acutely aware of the deception that led to the murder of his child and the arrogance of the powers attempting to break him and the Libyan nation. Qaddafi didn't budge and his Resistance didn't end. The illegitimate Israeli state then kicked its next plot into high gear: the destruction of Pan Am Flight 103 on December 21, 1988, better known as the Lockerbie bombing. 270 people died in the attack (8).

Abdelbaset Mohmed
Ali al-Megrahi: Framed
by Mossad.

Abdelbaset Mohmed Ali al-Megrahi, a former Libyan intelligence officer, was sentenced to 27 years in the Scottish Greenock prison for the mass murder. Al-Megrahi was innocent. Completely innocent. There wasn't a drop of evidence against him; concrete or otherwise. His arrest and imprisonment were horrific and deliberate miscarriages of justice that robbed his wife and five children of decades with him (9). Miscarriages perpetuated by a conspiratorial charade enforced incessantly by the Zionist media. Additionally, his conviction deflected the public's attention from the actual purveyors of the crime on December 21st and the reasons for its execution, most obviously the continued demonization of Qaddafi and Libya (10).

The Lockerbie bombing was carried out with a suitcase bomb, a known signature of Mossad, which has used this explosive weapon in its false flag operations in Kenya, numerous villages and cities in occupied Palestine, Beirut, Dubai, London, Houston and India (11). The Lockerbie bombing was yet another Israeli 'dirty trick' used against Zionism's eternal Arab/Muslim enemy for furtherance of the anti-Islam agenda gripping the world on a daily basis via mass media institutions owned by Zionist extremists.

It has been linked to Abu Nidal, the infamous "Palestinian terrorist" who has been outed as a Mossad agent. Mere hours after the crash, Mossad's LAP unit unleashed psychological warfare on all international media hotlines, conveying to Israel's stooges that Libya was behind the bombing, telling them that there wasn't even the faintest doubt about it. Mossad agents were in Lockerbie, Scotland the day after the atrocity to remove evidence from the scene. The piece of evidence? A suitcase of course. The head of Pan Am's security at the time of the bombing was Isaac Yeffet, former chief of security at the illegitimate Zionist entity's airline El Al (12). El Al is known for being a front for Mossad's most intricate sabotage operations (13).

Not only did the Zionist media's version of the events behind the Lockerbie bombing bury Mossad's involvement beneath a mountain of lies, it also buried the CIA's. Aboard Pan Am 103 were massive amounts of CIA-smuggled heroin and agents from CIA and DIA who were doing the smuggling (14). Mossad's suitcase bomb eliminated them and protected its terrorism partner's interests in the global narcotics market.

Finally, Lockerbie served one more purpose of the Mossad, a purpose with geopolitical implications that quite literally changed the world: the 9/11 false flag attack carried out by Israeli intelligence and its corrosive network of sayanim. Lockerbie was a major LAP psychological warfare operation, embedding the idea of "Arabs hijacking planes and blowing them up out of hatred for the West" into the minds of millions of Westerners, Americans specifically. When the remote-controlled planes of Dov Zakheim's SPC struck the Twin Towers, Americans (and the rest of the world for that matter) remembered Lockerbie and didn't bat an eyelash when the Zionist media told them 19 Arab hijackers just struck the USA. They were oblivious to the names of Silverstein, Lauder, Lowy, Eisenberg and Harel, 9/11's primary criminals (15).

With al-Megrahi indicted and the world's attention focused on Qaddafi for the malevolence of the Lockerbie bombing, the Zionist entity rejoiced over another successful operation. In the first quarter of 1992, right on schedule, the criminal UN imposed crippling sanctions on the nation of Libya for the attack. The sanctions would demolish Libya's oil-refining capabilities, prevent Libyans from traveling for over a decade and cut them off from their relatives in the United States (16). The UN didn't lift these sanctions until 2003, while the US didn't lift its sanctions on Libya until 2004. It is here where Qaddafi reluctantly sold out the interests of his people to the Western nations he despised.

HUMAN RIGHTS WATCH
THE OFFICIAL SPONSOR OF THE ZIONIST MASSACRES

HRW, funded by Soros,
covers up Israel's massacres,
and generates "genocides"
to further the Zionist
agenda.

In 1996, a curious event formally labeled by the Zionist media as the "Abu Salim Prison Massacre" occurred. An event lambasted by "human rights" organizations, this event served as as furtherance of the worldwide anti-Qaddafi agenda put in place by Mossad and its LAP, giving credence to the criminal sanctions slapped on Libya by the US and the UN. Despite its own admission that the reports of Libyans slaughtered at Abu Salim Prison in June 1996 were unverifiable and scarce, the world-renowned Human Rights Watch maintained that 1,200 people were murdered (17). Human Rights Watch is the same US-backed NGO that concocted the grossly false story about the gassing of Iraqi Kurds in Halabja to give legitimacy to the Zionist-instigated invasion of Iraq two decades ago, and continued to serve as an excellent tool to create support for the Zionist coalition's invasion of Iraq 8 years ago. Intelligence reports have debunked the "Halabja Massacre" as nothing but pure wartime propaganda (18).

The false story about Abu Salim Prison has been used by leftists everywhere to justify the "revolution" taking place in Libya. It is pathetic that they have inadvertently fallen into the Zionist trap of playing the drums of war for an invasion. Human Rights Watch is being bankrolled, to the tune of $100 million, by none other than internationalist Zionist war criminal, George Soros (19), who also heavily funds J Street, a pro-occupation, pro-war, pro-ethnic cleansing Zionist Lobby group masquerading as a bunch of peace-seekers (20).

It is by no means a coincidence that Soros, the corrosive billionaire who is responsible for insider trading in France, bankrupting the Bank of England and waging financial war against Malaysia (21), pulled out his oil investments from Libya a mere 3 months prior to the unrest (22), and now the human rights wing of his empire is leading the assault against Qaddafi (23). Soros is also responsible for

infiltrating the Egyptian Revolution and using his proxies to draft the new constitution which will enslave the African nation with an enslavement far worse than Mubarak (24). For the people of Libya and Egypt, the Zionist dragon has just begun to torch your existence.

Qaddafi at the UN;
blasting Israel for
assassinating JFK (rip).

The Origin Points

As soon as the sanctions against Qaddafi were lifted by all Western powers in 2003-2004, "pro-democracy" groups were established inside Libya by various programs within the US State Department as a means to keep an eye on its newest ally. These groups were to be activated for the purpose of regime change if Qaddafi ever stepped out of line, under the guise of an uprising or a people's revolution.

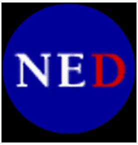
Qaddafi's first mistake in the eyes of the Zionist dragon came in September 2009 when he delivered a speech to the United Nations and struck a nerve that few have struck, "The whole world should know that Kennedy wanted to investigate the nuclear reactor of the Israeli demon (25)." The Zionist entity's Kidon hit squad, an elite unit of Mossad, in collusion with the CIA and elements of the Meyer Lansky crime organization, assassinated John F. Kennedy for several reasons. Kennedy's silent war with al-Nakba architect David Ben-Gurion over Israel's nuclear program is at the top of the list (26). Israel does not like anyone, especially a leader as prominent as Qaddafi, making mention of it.

Qaddafi's second slip-up was the Libyan humanitarian aid convoy headed by one of his sons that cracked the illegal, internationally condemned siege against the Palestinian people of Gaza in July 2010. The aid ship, "al-Amal," was loaded with 2,000 tons of food, cooking oil, medicines and pre-fabricated houses. The Israeli navy harassed the ship and threatened the passengers on board with a forceful takeover (27). The Zionist entity has shown the world the lengths it will go to regarding its preservation of starving Gaza to death. 9 murdered activists on the Freedom Flotilla in international waters tell the story of the lengths in gruesome detail (28).

Qaddafi called on
the Palestinian people
to revolt against their
Zionist occupiers.

Just four days before the "Feb17 Revolution" in Libya, Colonel Muammar Qaddafi engaged in his third and final mishap, triggering the Zionist dragon's drums of war. In the wake of the uprisings in Tunisia and Egypt which disposed dictators Zayn al-Abidin Ben Ali and Hosni Mubarak, two of Qaddafi's friends ironically enough, the Libyan leader called on Palestinians to revolt against their Israeli occupier. He called on Palestinians to amass from all over the world, coming to the shores of occupied Palestine by boat, to call on Zionism to give into the hands of the oppressed Arab people or face revolution (29).

Keeping Palestinians demoralized and subjugated is the chief weapon used by the Zionist regime in its 63-year occupation of the Holy Land. It is why it keeps collaborationist stooges like Abbas and Fayyad in place, to lead Palestinians down a perpetual road of servitude to Zionism. It considers any call for Palestinians to rise up for their dignity an existential threat. Qaddafi's call to the people of occupied Palestine may have been an honorable one, but to the Zionist dragon, it was an act of war.



The Zionist-founded,
Zionist-controlled NED
is as subversive as
the CIA.

Controlled Opposition: Zionism 101

It was the mass murderer of tens of millions of Russian Christians, and leader of the Bolsheviks, Vladimir Lenin, who said "The best way to control the opposition is to lead it ourselves." It should come as to no surprise to anyone that the Zionists who identify themselves as neo-conservative, all of whom are admitted ex-Leninists and ex-Trotskyists (30), are the leaders behind implanting "pro-democracy" groups throughout the MENA to control opposition to global Zionist hegemony. The board of directors at the National Endowment For Democracy (NED), the leader of the "pro-democracy" project in Libya (31), as well as the notorious globalist institution Freedom House (32), are comprised almost entirely of neo-cons.

The foundation of NED was built between 1982-1984 at the behest of a research study headed by staunch Zionist Allen Weinstein, who has headed a plethora of globalist projects masked by the pursuit of democracy. Weinstein has authored numerous books in defense of the Zionist entity's genocidal operations throughout the Middle East, including one in particular that stressed the necessity of America's commitment to the illegitimate Israeli state (33). Allen Weinstein publicly admitted in 1991, that the NED's activities are modeled after the CIA's operations, "A lot of what we do today was done covertly 25 years ago by the CIA." CIA monies are laundered through the NED (34), which serves as a perfect cover due to its perceived nature as a organization championing the cause of democracy.

The current head of NED is Carl Gershman, a ubiquitous globalist figure and zealous Zionist who has received awards for furthering the CIA's agenda in Tibet and who has composed a study entitled "Israel, the Arabs and the Middle East" defending al-Nakba and all of Israel's colonial endeavors (35). Gershman also worked for the most venomous of all Zionist Lobby organizations, the Israeli intelligence wing known as the ADL. Gershman is rabidly anti-Muslim and anti-Christian; he has stated that the Qur'an "vilifies Jews" and that the Christian World spread the "blood libel." Additionally, he believes that Arabs and Arab culture suffer from a "moral sickness" and has gone on record to chastise any and all people who have associated Mossad with the 9/11 terror attacks as "anti-Semites (36)."

NED is already deeply embedded in the fabric of Egypt, and has reared its ugly head from the shadows upon the command of Gershman since the fall of Mubarak (37). With Qaddafi upsetting the Zionist dragon to the point of rage, Israel-Firster Gershman initiated the activation of the democratic army. Just three of the NED-funded groups taking part in the "pro-democracy" protests in Libya are the Akhbar Libya Cultural Limited (ALCF), Libya Human and Political Development Forum (LHPDF) and the Transparency Libya Limited (TL). These groups were funded in the hundreds of thousands by NED (38).

U.S.-Middle East Partnership Initiative
MEPI

MEPI is an NED-backed group greatly involved in the deconstruction of Libya.

NED's chief sister organization, the National Democratic Institute (NDI), headed by Zionist war criminal and butcher of Iraq's children Madeline Albright (39), is also deeply involved in the Libyan uprising, as is a smaller NED-linked group, the Middle East Partnership Initiative (MEPI). Aswat, an Arabic propaganda hub in Libya, Libya's General People's Committee for Foreign Liaison and International Cooperation, My Arabic Library (MAL) and Youth Of Today, Leaders Of Tomorrow are all funded by NDI and MEPI (40). So, an umbrella of organizations controlled by an anti-Muslim, anti-Christian, anti-Arab, pro-war, pro-Zionist war monger is looking out for the interest of the Libyan people? Right.

The organizing of the "Feb17 Revolution" in Libya was led by a group known as the National Conference for the Libyan Opposition (NCLO). The NCLO called for mass protests against the Qaddafi regime in a multi-level manner, inside Libya and abroad, all for the goal of bringing down the 42-year reign of the Libyan Colonel (41). The NCLO was formed on June 25, 2005 in London. The main goal of this organization was to foment the end of Colonel Qaddafi's revolutionary, political, military and security powers and to trigger the formation of a transitional government run by "trustworthy" individuals (42). The NCLO is comprised of six umbrella groups, with the National Front Of The Salvation of Libya (NFSL) sitting at the head. A Libyan exile who resides in London named Ibrahim Sahad is NFSL's leader (43).

At the onset of the Feb17 Revolution, Sahad and other NFSL and NCLO members began providing the Zionist media with "first-hand" information of massacres, human rights abuses, death tolls and other outlandish accusations that were never independently verified. Ominously, Sahad made it clear to state in an interview that "Qaddafi will not survive the protests (44)." The Zionist media has never given an audience to dissidents from occupied Palestine, occupied Iraq, occupied Kashmir, occupied Afghanistan, Somalia, Pakistan or the Resistance in Lebanon. So why Libyan dissidents? Simple. Because these particular Libyan dissidents belong to the NFSL, an organization funded for decades by the CIA and closet-Zionist regime of Saudi Arabia (45). In fact, whether it's the American-Zionist puppet Qatar's Al-Jazeera or typical Western media outlets like the Zionist-owned BBC and the New York Times, all reports leave a trail that leads back to the CIA's NFSL (46).

The NFSL, Libya's premier "opposition" group, is fully backed by the CIA.

As aforementioned, one of the NFSL's goals was to set up a transitional government to replace the regime of Qaddafi as momentum from the wave of protests was mounted. On February 27, 2011, 13 days after the fake Feb17 Revolution began, the National Transitional Council, also known as the Libyan National Council, was formed (47), in perfect accordance with the NFSL's CIA-based agenda. One member of this transitional council is Mahmoud Jibril, who recently met privately with Zionist warmonger Hillary Clinton in Paris (48). Jibril also held a meeting with the Zionist President of France, Nicholas Sarkozy and spoke by phone with the warmongering British Foreign Secretary, William Hague (49).

Mahmoud Jibril, the Western dope groomed to replace Qaddafi in the new, Zionized Libya.

Jibril, who heads the Foreign Affairs division of the Council, was educated in the United States, receiving a master's degree and PHD at the University of Pittsburgh prior to teaching there for many years. Jibril also headed an organization called the National Economic Development Board (NEDB), Libya's largest think tank, formed in 2009 (50). The NEDB was set up and advised by a group of international consulting firms from the US and UK and is in partnership with the London School of Economics (51), which receives its largest amount of funding from none other than George Soros (52). Once the "rebels" secure victory and Qaddafi is overthrown, Jibril is expected to maintain his position at the head of this institution of subservience to neoliberalism. With Jibril's ties alone, it invalidates the Council's claims to being the sole representative of the people of Libya. It is the sole representative of Zionism in Libya.

The Council almost immediately called for a no-fly zone over Libya (53). No self-respecting person of conscience, let alone the righteous Libyan people, the sons of the great Omar al-Mukhtar (rip) who led two decades of Resistance to Italy's colonization of their nation, who are keenly aware of the aims of foreign occupiers and colonialists, would ever call for a no-fly zone over Libya. The same military operation that led to NATO bombing thousands of innocents to death in Kosovo with depleted uranium and cluster bombs and that led to the bombing of tens of thousands to death in Iraq prior to 2003's invasion. However, stooges of Western interests most certainly would. Could anyone imagine Sayyed Hassan Nasrallah, Sheikh Ahmed Yassin (rip) or Hugo Chavez calling for a no-fly zone? Didn't think so.

SECRET INTELLIGENCE SERVICE MI6

MI6 worked with Mossad to assassinate Qaddafi 15 years ago. "Al-Qaeda" was used in the false flag.

Israel's War: From Subversion To Aggression

Excluding game-changers like the assassination of JFK or the 9/11 false flag attacks, the Zionist entity's Dragon Policy may be its most prized operation. Through an intricate web of relationships woven with blood-drenched silk, linking it closely to its allies in RAW, Blackwater (Xe) and the CIA, Israel has terrorized the Islamic Republic of Pakistan through an unlimited supply of patsy terror groups and ordnance experts strategically scattered through the country. The face of the Dragon Policy, set up officially in 2001 and constantly rammed down the throat of the world's masses by the cabalistic Zionist media, is the Tehrik-I-Taliban, which is reported as being closely linked to the king of kings in terms of fake terror groups, "Al-Qaeda." Never is it reported that Al-Qaeda doesn't exist and never has existed (54), it is merely a name used to create and subsequently exacerbate psychological warfare. In the case of the Tehrik-I-Taliban and the Mossad-RAW nexus that runs it, it is only linked to Al-Qaeda because RAW agents of the Dragon Policy pose as Al-Qaeda to provide their

Israel attempted to run its Dragon Policy in Libya 5-6 years prior to its sanguinary beginnings in Pakistan through British intelligence. A Mossad-MI6 nexus was formed and an "Al-Qaeda" cell was paid handsomely to assassinate Qaddafi in his hometown of Sirte (56). Anas al-Liby was the leader of this cell. He would be used as a patsy for Mossad in its 1998 bombings of the US embassies in Tanzania and Kenya (57).

EIIR

INTELLIGENCE
V

Mossad worked with
MI5 for the 7/7
bombings in London.

These operations were part of a long-running Israeli project in which Mossad would recruit Palestinians to carry out terrorism to provide justification for escalation of Israeli military operations throughout occupied Palestine, and extrajudicial revenge policies abroad. The terrorism would be blamed on "Al-Qaeda." The Palestinian operation however, would turn out to be a failure (58). Mossad's relations with MI-6 shouldn't come as a surprise to anyone. Most recently, in the London bombings of July 7th, 2005, the Zionist's entity's Mossad, notorious Shin Bet-infested Israeli security company ICTS and Britain's internal intelligence service MI5 collaborated for a successful false flag operation (59). It should also come as no surprise then, given the history, that Qaddafi is accusing "Al-Qaeda" of staging the unrest in Libya (60). Al-Qaeda in this case, is interchangeable with CIA and Mossad.

When the Zionist entity's tactics of subversion via a decade worth of false flag terrorism and sanctions didn't achieve the goal of crippling Qaddafi, it switched its tactics to all out aggression against Libya. With its allies in the CIA manipulating protests and its patsies forming the National Transitional Council to create the illusion of the Libyan people's representative, the next cog to be turned in the Zionist entity's machine was to create the illusion of a humanitarian crisis.

From the onset of the Feb17 Revolution, stories from all ends of the media spectrum were surfacing about massacres of "unarmed" protesters at the hands of African mercenaries hired by Qaddafi and his regime (61). Just as quickly as the stories surfaced, Qaddafi immediately issued an emphatic denial of his regime hiring anything of the sort, as did regime officials (62). Oddly enough, the US government, which had been hawkish towards Libya from the moment the uprising began, inserted a clause in a February 27th UN Resolution that would shield these African mercenaries from being prosecuted for their crimes (63). Many commentators speculated that this was done to prevent the US itself, notorious for using hunter-killer corporations like Dyncorp and Xe to carry out mass killings in occupied Iraq and Afghanistan, from being subsequently prosecuted for the same crimes.

While this speculative theory was certainly plausible and even logical, it wasn't congruent with the greater plot at hand. Mercenaries, Xe (Blackwater) specifically, had been escaping international prosecution for a literal decade. Why start now? Especially when the world's hegemonic powers had a "genocide" stop.

Global CST's mercenaries
are creating chaos in Libya.
Global CST is run by Zionist
General Israel Ziv.

The reason why the US, the Zionist entity's patron, lap dog and military enforcer, introduced this clause into the UN resolution, is because the mercenaries on the ground have been recruited and employed by Global CST, an Israeli security company with strong links to Mossad, Shin Bet and Aman tied to war crimes and arms trafficking in Georgia and several countries in Africa. The director and owner of Global CST, retired Israeli General Israel Ziv, held a high-level meeting with Aman chief Aviv Cokhavi, Defense Minister Ehud Barak and Prime Minister Benjamin Netanyahu (all war criminals) shortly before the Feb17 Revolution to receive approval for the deployment of 50,000 mercenaries into Libya. The mission of this Israeli operation? Fuel civil war to bring about Western military intervention (64).

The mercenaries were in place and massacres of protesters were occurring, so the Zionist media took the opportunity presented by the troubled atmosphere to bolster its usual yellow journalism, stating that Qaddafi was now bombing civilians in Benghazi on February 22. As one would expect however, this story was farcical. The story was first exposed as sheer falsehood by the Russian military (65), and then astonishingly confirmed by war criminals Admiral Mike Mullen and Secretary of Defense Robert Gates (66). Despite two of the most powerful militaries in the world confirming that there were no airstrikes against civilians, the Zionist media continued to report them as fact.

Wolfowitz and Krsitol:
Zionist extremists;
destroyers of Iraq;
invaders of Libya.

As the mercenary's massacres kept flowing, the Zionist dragon comprised of heads from the Project for a New American Century (PNAC) emerged from the shadows. Its thirst for blood not quenched by millions of dead Iraqis and Afghans, it now wanted Libya to solidify the Zionist entity's revenge against Qaddafi once and for all. With US, UK and French special forces deployed to Tobruk and Benghazi a day after the fraudulent airstrikes stories were run (67), an organization called the Foreign Policy Initiative (FPI) wrote a letter to Obama, puppet of Zion, urging an immediate full-scale military intervention to take out Qaddafi and "end the violence." Who are the leaders of FPI, you ask? PNAC repackaged: Wolfowitz, Kristol, Abrams, Kagan, Edelman and Senor. The genocidal maniacs who designed the ravaging and pillaging of Iraq and Afghanistan. In line with FPI's request, Zionist hawks Joe Lieberman and John McCain called Washington from Tel Aviv demanding that Obama arm the "rebels (68)," who were already receiving training from Western Special Ops.

Obama followed suit, obeying the commands of his Zionist masters. On February 28th, the United States passed its largest set of sanctions ever, freezing $30 billion in Libyan assets and subsequently positioned its warships right off of the Libyan coast (69). The very next day, Israeli Deputy Foreign Minister Danny Ayalon called for a no-fly zone over Libya to, no, this is not an attempt at comedy, "stop the genocide (70)." Ayalon of course, did not call for a no-fly zone when the Zionist entity committed genocide from above in Lebanon in 2006 or in illegally besieged Gaza in 2008-2009.

A curious event took place on March 6th, as SAS forces led by an MI6 (Mossad's Dragon Policy partner) officer dropped into Libya armed with guns, ammunition, explosives and false passports, all to be delivered to Libyan "rebels." The Libyans were infuriated by such a bold move (71). That though, isn't what invokes the accusation of curiousness. The Libyan people proposed the idea, that these British forces were actually Israelis using false British passports, as they did with Mossad's assassination of Mahmoud al-Mabhouh in January 2010 (72). Two scenarios should be noted. Scenario One: this British convoy really was just simply delivering weapons to the CIA-backed rebels, as per the West's policy of backing the anti-Qaddafi opposition from day one. Scenario Two: this British convoy was a false flag terrorism unit on a mission to carry out a massive attack on Libyan civilians to hasten a military intervention. Since they were detained and kicked out, the mission failed. Due to the gap between Obama's positioning of warships coupled with the round of sanctions and the actual invasion, the latter scenario seems to be the correct one.

Netanyahu and Barak
both want Qaddafi out of
the picture to ravage Libya.

On March 17th, the butcher of Gaza Benjamin Netanyahu stated clearly that Muammar Qaddafi was not a friend of Israel and not a friend of the Jewish people, while stating rather ambiguously that he wouldn't mind seeing military action implemented in Libya, nor would he mind seeing Qaddafi removed (73). Coincidentally (not really), also on March 17th, the UN passed its resolution for a no-fly zone over Libya and the approval of 'all necessary measures to protect civilians,' i.e. bombing Libya incessantly; preparations for a coalition strike began (74).

Zionist war criminal Ehud Barak praised the UN for its decision the following day, going on the record that Qaddafi would be gone within weeks and also mentioning that the Arab League (of thugs, dictators, oil barons and kleptocrats) giving its support was key to invading Libya (75). Barak's nauseating diatribes brought back the memory of 9/11. Just moments after the Towers were struck, Barak was live on the air to blame Osama Bin Laden and call for an invasion of Afghanistan (76). Barak played a key role in Mossad's false flag attack on 9/11, overseeing the operation as a special advisor for Electronic Data Systems (EDS), a Mossad haven partnered with another Mossad-run firm, SCP Partners. EDS and SCP secured the thermite explosives used to bring down the Twin Towers from several explosives-expert firms in their business portfolio (77).

Nearly 10 years after 9/11 and the criminal, genocidal invasion of Afghanistan, Israel has itself yet another war and its desired revenge on Qaddafi is imminent.

Egyptian Oil Workers and The 1975 MOU

Referring back to the malevolent statement of Vladimir Lenin regarding the creation of opposition to locate and destroy real opposition, the Egyptian Revolution makes its return to the forefront in the discussion of the Zionist dragon's impending conquest in Libya. The Egyptian Revolution is not an absolute truth, nor is an absolute fiction. It is a combination of reality and fantasy; the Zionist entity's way of quelling what was coming, what was bound to burst and isolating the catalytic threats to Israeli hegemony. The atmosphere leading to the "Jan25 Revolution" was a tense one. Several protests had already been held due to the Mubarak regime stealing the recent parliamentary elections and Muslim-Christian unity rallies were getting larger in the wake of the Mossad bombing of al-Qiddissin Church in Alexandria (78).

A revolution was already a decade in the making. Egyptians began hitting the streets in protest of Mubarak and his cronies in 2000, during occupied Palestine's 2nd Intifada. In December 2006, poverty-stricken workers formed unions and partook in massive strikes. As a result of the growing revolutionary fire from these strikes, there were two huge uprisings in 2008, one in Mahalla, and another in Borollos. Both were crushed by the regime. These anti-Zionist workers and revolutionaries were aware of the Westernized "reform-seekers" in their mix. The real protesters? They wanted Mubarak gone. His regime gone. Ties with the Zionist entity severed and the siege of Gaza lifted. The elite dismantled and the wealth returned to the people. The reform seekers wanted to maintain the status quo with little change; only the illusion of it (79).

Mohamed ElBaradei:
George Soros' puppet
in Egypt.

Unbeknownst to many of these revolutionaries, the reform-seekers that they kept their eyes on weren't just Westernized... they were Western-trained. "Activists" from the April 6 Youth Movement, a group vociferously promoted by the Zionist media as the face of the Egyptian Revolution, received their training from the Centre for Applied Nonviolent Action and Strategies (CANVAS) and the International Center For Nonviolent Conflict (ICNC), both funded by Zionist billionaire strongman Peter Ackerman and the face of internationalism, George Soros. The April 6 Youth Movement also works closely with Mohamed ElBaradei, a stooge and former board member of the International Crisis Group, founded by neo-con warmonger Morton I. Abramowitz and funded by Soros. ElBaradei sat on the board of International Crisis Group with Ackerman's wife (80). And these men want freedom for Egypt? Oh, the trail of smoke left behind by the Zionist dragon's fire.

The April 6 Youth Movement also received full backing from the US Statement department, with helping hands extended by Undersecretary For Public Diplomacy and Public Affairs James K. Glassman and Jared Cohen of Hillary Clinton's Policy Planning Staff. Glassman is a rabid Zionist who was once a resident fellow at the American Enterprise Institute, a pro-Israel think tank known for providing talking points to the US government. The April 6 Youth Movement reveled in these endorsements (81). Once Mubarak transferred power to a military junta fully backed by Zionism, it is these puppet activists, these whitewashed and westernized House Arabs, that told Egyptians to go home and "work harder than ever before to build a new Egypt" while real activists remained in Tahrir Square, demanding the collapse of the regime, planning more strikes in Egypt's various business sectors and calling for the end of normalization with Israel (82).

The most important of all of these strikes, is that of the Egyptian oil workers, who are sick of corruption, slave wages, no unions and most of all, gas being pumped to to the Zionist entity, which they refuse to ever do again (83). Israel had raked Egypt over the coals for its precious resources, forcing the North African Arab nation to lose over 100 billion Egyptian pounds since 2005 alone (84). No gas has been pumped to Israel since February 13th, with the most recent protest being held in Suez on March 20th (85). Due to pressure from the Egyptian people, the military junta have not resumed gas to Israel and reluctantly have no plans to do so, also because of that pressure. 40% of Israel's natural gas comes from Egypt, which the Zionist entity uses to produce 20% of its electricity (86). Egypt's natural gas is an important element needed by the Zionist entity to maintain its 63-year occupation of Palestine.

George Soros funded
the undermining
of Egypt's real
revolutionaries.

Due to its proximity to Palestine, and the traitorous Camp David accords, Egypt's sale of natural gas to the Zionist dragon was always practical. But now with a war on the ground between the brave revolutionaries and workers, champions of Arab dignity, and the Soros-Ackerman armada of House Arabs, and the Israel-friendly military junta stuck in the middle and walking a tight rope to appease its paymasters in Washington D.C. which fund it to the tune of over $1 billion a year, the Zionist entity needed another source. Enter Libya, a nation with the largest prove oil reserves in all of Africa (87). Coupled with the Zionist entity's eternal vendetta against Qaddafi, this made Libya a prime target for another Israeli victim of balkanization.

On September 1st, 1975, an odious Memorandum of Understanding (MOU) was signed between the United States of America and the Zionist entity residing on stolen Palestinian land. This MOU stated the following, "The United States Government will make every effort to be fully responsive, within the limits of its resources and Congressional authorization and appropriation, on an ongoing and long-term basis, to Israel's military equipment and other defense requirements, to its energy requirements and to its economic needs." Also, "If the oil Israel needs to meet all its normal requirements for domestic consumption is unavailable for purchase in circumstances where no quantitative restrictions exist on the ability of the United States to procure oil to meet its normal requirements, the United States Government will promptly make oil available for purchase by Israel to meet all of the aforementioned normal requirements of Israel (88)."

To simplify, whenever the Zionist entity needs oil, as per the 1975 MOU, the United States will answer Israel's beckoned call and go secure the oil. As was the case with Iraq, in which Benjamin Netanyahu bragged of Iraqi oil flowing from Kirkuk to Haifa (89), the war with Libya is indeed a war for oil. But not oil for America. Oil for the Zionist entity.

The US, UK and France
have invaded Libya
on Purim. It's occupied Iraq
all over again.

Conclusion: Purim and Occupation

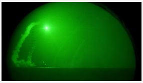
On March 19th, 2011, 2 days after Netanyahu's declarations against Qaddafi and the UN's approval of a no-fly zone, another dastardly crime of epic proportions was committed against humanity. The name of this crime is Operation Odyssey Dawn, the title for the French-British-American coalition attack on Libya. It began with 110 cruise missiles being fired from the sea by the US and the UK and bombardment from above being provided by France (90). 64 Libyan civilians were slaughtered and over 150 were wounded (91). Another genocide in the making. General Petraeus, the slaughterer of Iraqis and Afghans, and Secretary of Defense Robert Gates, another slaughterer of Iraqis and Afghans, think the mass murder of innocents deserves a good laugh (92).

It is certainly of no coincidence that the war against Libya, a revenge operation designed by the Zionist entity and instigated by its political assets, was started on the very same day that Iraq was invaded in 2003. Several analysts and politicos have made mention of this key point. The point that is not being mentioned, a point more important than the former, is that Libya, like Iraq (both inhumane invasions) and Kosovo before it, was invaded on Purim, the Jewish holiday of vengeance based on the events in the biblical Book of Esther, commemorating the killing of Persian Prime Minister Haman, who tried to wipe out the Jewish people before being wiped out himself. Haman's descendants are the Amalekites, and due to decades upon decades of brainwashing from the global Talmudic rabbinate, many Israelis and American Jews feel that Arabs and Muslims are the Amalekites (93). It is not a conspiracy theory, an opinion, a perspective or a supposition that Purim is a heightened time of conflict in the Middle East. It is a fact (94).

For Purim 2011, the occupied West Bank was placed under siege and terminals within besieged Gaza were shut down (95). One of the most gruesome incidents on Purim in occupied Palestine was Purim 2006, when Palestinian prisoners were stripped naked, beaten, detained and photographed after IOF tanks shelled a jail of illegally held Palestinians (96). But, a flashback that digs even deeper is required to fully understand what is being done to Libya. On March 5th 1991, only five days after the Highway of Death incident in occupied Iraq, the US Congress honored a racist, xenophobic, genocidal Chabad Lubavich rabbi named Menachem Mendel Schneerson, deemed by American presidents as an achiever of "eminence as a moral leader for this country."

The killing of non-Jews, the goyim, according to Rabbi Schneerson, was not only permissible, acceptable and even recommended, but he considered non-Jews to be a separate species from Jews. This monstrous man was the spiritual leader for many of the Zionist officials in the United States government from the first Bush administration through the second. These Zionist officials were the planners and executors of the invasions, occupations and genocides of Iraq and Afghanistan. Were they spilling non-Jewish blood on Purim to appease their spiritual leader? (97).

Those reading can "do the math," especially considering that these same Zionist extremists are the warmongers who have orchestrated the spilling of blood in Libya today. Murdering Arabs, the Amalekites, on Purim, has become a sacred Israeli tradition (98), with certain rabbis going as far as considering Arabs worthy of annihilation for "obstructing the building of the 3rd Temple (99)." This extremism, which has claimed the lives of millions of Arabs and Muslims in the genocides of Iraq and Afghanistan, is never reported on by the Zionist media. Instead, the American people are given sustenance with fast mood meals of anti-Islamic rhetoric by the same pro-Israel war criminals sending their children to die for an illegal occupying entity. It is high time that they know what the true meaning of Amalek is and why it is of such esoteric significance to the Zionist controllers.



Cruise missiles fired by
the occupiers into
Libya.

What began as classic military interventionism has evolved into full blown occupation. Libya, like Palestine, Iraq, Afghanistan and Kashmir, should be referred to as occupied Libya from now on. 2,200 Marines are directly offshore, making preparations to enter Libya (100). US Forces recently opened fire on Libyan villagers, wounding 6, including a young boy that needed to have his leg amputated (101). SAS squads classified as 'Smash Teams' are on the ground to aid the Operation Odyssey Dawn coalition in its incessant bombing of Libyan territory (102). And as the occupiers mobilize and multiply, the Zionist media is spreading obscene propaganda, echoing the lies of Iraq pre-invasion. Zionist puppet David Cameron, the Prime Minister of the UK, is already parroting Gulf War-style tripe about Qaddafi using chemical warfare against the Libyan people (103); SAS forces are ready to seize the "mustard gas of the dictator" according to his government (104). The occupiers have already stated that there is 'no timeline' for the end of Odyssey Dawn (105).

An Iraqi child badly
deformed by depleted
uranium. This is what is
in store for the
children of Libya.

The Zionist media is spreading its lies about the non-existent chemical weaponry of Muammar Qaddafi for a very specific reason: because the Zionist entity's American enforcer and its allies are using chemical weapons on the Libyan people. 45 2,000 pound depleted uranium bombs have been dropped on Libya (106). As the confirmed civilian casualties rise to 100 (107), the nightmare starts anew. Birth defects, cancers and fetal damage from radiation among innocent Iraqis in Mosul, Basra, Fallujah and Samarra and Baghdad after US, Israeli and British depleted uranium in occupied Iraq (108). Contaminated blood, birth defects and cancer among young Albanians after 11 tons of NATO depleted uranium in tiny Kosovo (109). Birth defects, incomplete hearts and brain malformations in the children of illegally besieged Gaza after Israel's depleted uranium during Operation Cast Lead (110). Birth defects, deformities, leukemia and esophageal cancer in Afghan children after US and NATO depleted uranium in occupied Afghanistan (111).

Pain. Suffering. More pain. More suffering. This is what Zionism and all of its allies bring to the indigenous peoples of the world, specifically the Middle East. It is sad, abysmally tragic and flat-out despicable that so many "activists," "truth-seekers" and "journalists" have cheered on this occupation and incoming genocide of the Libyan people in an emotive, thoughtless manner, forgetting the lessons of the past.

Obama serves
Zionism. Period.

They were nowhere to be found when the US incinerated children in Iraq and Israel's DU-tipped car bombs triggered hell on Iraqi streets from north to south. They were nowhere to be found when NATO destroyed Kosovo. They were nowhere to be found when the US and NATO massacred Afghanistan. They were definitely nowhere to be found when the Zionist entity rained hellfire on the innocent men, women and children of Lebanon and Gaza. They were nowhere to be found when US predator drones turned Pakistanis into dust matter. But now, they are on the front lines, cheering on Obama's war, a criminal that the Zionist political machine of Chicago, rooted in gangsterism, considers the "first Jewish president (112)."

The Zionist dragon has breathed its fire on one nation after another since it came into being almost 64 years ago. The blood of the Amalakites is what it needs to survive, and the innocents inflicted by Israeli-created genocides mentioned in the previous paragraph are obviously, not enough. It is up to the people of conscience to seek out the drummers of war and eradicate them ideologically, rendering them irrelevant and placing the defense of the indigenous above all. Muammar Qaddafi has a special place on the Zionist regime's hitlist, and it doesn't care how many Libyans will die a brutal depleted uranium-touched death to accomplish its goal of overthrowing and burying him. Mahmoud Jibril, the Western stooge discussed earlier, has already been tapped by the Zionist Power Configuration as the "interim Prime Minister of Libya," i.e. Qaddafi's replacement (113).

NO
FOREIGN
INTERVENTION
Libyan People
Can Manage it
ALONE

The real message of the
Libyan people: NO
FOREIGN
INTERVENTION!

To the vast majority of Libyans, who are not on the CIA payroll, whether you stand with Qaddafi or have issues with him, it is clear that you absolutely, positively, want nothing to do with the occupiers who are in the beginning stages of destroying your country. It is now up to you to fight back. It is up to you cure this cancer. The traitors among you have made their decision to ally themselves with the butchers and bombers who have carved up the ancestral Arab and Muslim homelands like firewood on a chopping block. It is up to you to form a Resistance against all collaborators, all invaders, a model like that of Hezbollah in Lebanon, to save your nation.

Self-determination is a universal right that belongs to all people. It is embedded in the spiritual code of society, Islamic, Christian, secular or otherwise. It cannot be taken away by foreign powers; powers that never had any jurisdiction over such a right to begin with. Libya will overcome the siege of the Zionist dragon, no matter how long it may take, and when its self-determination blossoms, spitfire flowers will strike back at the powers who attempted to enforce humiliation against them.

And to those "humanitarians" attacking Muammar Qaddafi, an enigmatic leader who built Libya from the ground up over 42 years (114), you should direct your attention to real massacres from US-backed dictators ignored by the Zionist media like Islam Karimov, the barbaric 21-year dictator of Uzbekistan who slaughtered 700 of his citizens in the Andijan Massacre of 2005 (115).

Why are these "humanitarians" unaware of such a killing spree? Because Uzbekistan is a major torture center for the CIA's Rendition program (116), the cornerstone of Zionism's Orwellian 'War On Terror.' These "humanitarians" should remember that war is never the answer for anything, other than increasing the wealth of the globe holders. And finally, they should remember the words of late, great revolutionary Ernesto 'Che' Guevara, whose words when applied to Libya and the oppressed Arab world have never rang so true, "Liberators do not exist. The people liberate themselves." Indeed.

CIA USING AL QAEDA TO TOPPLE ARAB LEADERS

It looks as if the CIA, and members of the wealthy Arab elite, are using al Qaeda and the Muslim Brotherhood to topple Arab rulers who are out of favour.

On 1 March 2011, in New America Media, Yoichi Shimatsu wrote “Mideast Revolutions and 9-11 Intrigues Created in Qatar.”

(Mideast Revolutions and 9-11 intrigues crafted in Qatar. – link from Brian)

According to this article:

The protestors in North Africa and the Middle East are being manipulated by the right-wing Arab elite.

This elite has been backing people like al Qaeda and the Muslim Brotherhood.

“Credible U.S. intelligence reports have cited evidence pointing to Qatar’s long-running support for the Muslim Brotherhood, Al Qaeda and jihadist fighters returning from Afghanistan.”

In Libya, the Libyan Islamic Fighting Group (LIFG), which is friends with Al Qaeda, has seized armouries containing high-power explosives, rocket launchers and chemical weapons.

Al Jazeera let slip that the earliest Libyan protests were organized by the LIFG.

150 of Gaddafi’s soldiers were reportedly “gunned down by war-hardened returned militants from Iraq and Afghanistan….”

Qatar – home to al Qaeda

According to the 9/11 Commission Report, Qatar’s Interior Minister provided a safe haven to 9/11 mastermind Khalid Shaikh Mohammed during the mid-1990s.

Press reports show other ‘terrorists’ may have received financial support or safe haven in Qatar after September 11, 2001.

The national security chief, Interior Minister Abdullah bin Khalid al-Thani, is mentioned as paying for a 1995 trip by Khalid Shaikh Mohammed ‘to join the Bosnia jihad.’

On 25 March 2011, at Global Research and at The Asia-Pacific Journal., Peter Dale Scott has an artcle entitled ‘Who are the Libyan Freedom Fighters and Their Patrons?’

(Peter Dale Scott, former Canadian diplomat and Professor at the University of California, Berkeley, is the author of American War Machine: Deep Politics, the CIA Global Drug Connection and the Road to Afghanistan. His website is here.)

According to Peter Dale Scott:

1. Gaddafi has long faced threats to his life from Mossad, the Saudis, MI6, and various Libyan groups trained by the US and Israel.

2. Israel and the US have trained anti-Libyan rebels in a number of African countries, including Chad.

3. In 1985, the US asked Egypt to invade Libya and overthrow Gadafi but President Mubarak refused.

4. The FNSL (National Front for the Salvation of Libya) held its national congress in the USA in July 2007.

5. The LIFG (Libyan Islamic Fighting Group) was founded in 1995 by a group of mujahideen veterans who had fought in Afghanistan.

(Libyan rebel commander, Abdel-Hakim al-Hasidi, has admitted that his fighters have al-Qaeda links /Libyan “revolutionaries” aren’t so revolutionary..)

Al Libi of al Qaeda

MI6 has been accused of supporting LIFG.

LIFG’s Abdulwahab Mohammed Kayed is the brother of Abu Yahya Al Libi, one of al Qaeda’s top propagandists.

LIFG’s failed attempt to assassinate Qadhafi in February 1996 was said to have been financed by MI6.

According to one report, LIFG received up to $50,000 from al Qaeda’s leader for each of its militants killed on the battlefield.

6. After the toppling of Mubarak, Egypt’s military began shipping arms over the border to Libyan rebels.

There were hundreds of thousands of Egyptian labourers in Libya.

LIBYANS UNDER GADDAFI
Happy Libyan children by CharlesFred.

Brian alerted us to the following:

British economic journalists David Blundy and Andrew Lycett observed the following about LIBYA:

“The young people are well dressed, well fed and well educated.

“Libyans now earn more per capita than the British.

“The disparity in annual incomes… is smaller than in most countries.

“Libya’s wealth has been fairly spread throughout society.

“Every Libyan gets free, and often excellent, education, medical and health services.

“New colleges and hospitals are impressive by any international standard.

“All Libyans have a house or a flat, a car and most have televisions, video recorders and telephones.

“Compared with most citizens of the Third World countries, and with many in the First World, Libyans have it very good indeed.”

This outstanding & comprehensive intelligence report needs to be sent to all our congressmen, military leaders and fellow patriots asap. Please send this message to 10 or more people and request that they do likewise. Should this process be repeated 7 times, 10 million or more can be reached within 24 hours.

Jonathan, you are a genuine national treasure, in the same vein as Mark Glenn, Mike Piper, and the late Eustace Mullins, and this latest article from your mind to common humanity’s eyes is but ONE MORE REASON why I will forever put you in this category.

God bless you, my Brother-in-humanity, and keep nailing these creatures with the truth as we know it to be; as I have told Mark privately, I wish to God that I could do more to further our “movement,” but I am put-at-ease by knowing that there are so many wonderful souls on this planet like yourself who are picking-up the slack that people like me leave behind taking-care of issues that keep us from being more active than people like me wish that we could.

Knowing that you are never ceasing in any way, shape, or form in your effort to expose, and by-right, stop these zionist creatures literally puts a smile on my face because I know in-my-heart that because of people like yourself and the many others who I have not named, humanity has MORE THAN A CHANCE at saving itself from the future that these psycho/sociopaths are planning/have planned for ALL OF US WHO ARE NOT ONE OF “THEM.”

Why aren’t mass printings of jonathon’s work being distributed worldwide. Not everybody has/uses the internet beleive it or not. And those MSM watchers who refuse to beleive anything on blogs need a good dose of the truth also! 🙂
